EMA d.o.o.
Mariborska 1
3000 Celje, Slovenia
Attn: Iztok Pirnat

Reference: Iridium Compatible Equipment ("ICE") Certification – EMA d.o.o Bluetraker VMS

Dear Iztok;

Based upon Iridium Satellite LLC's ("Iridium") review and EMA. ("EMA") successful fulfilment of all of the requirements specified, Iridium hereby certifies the EMA Bluetraker VMS for commercial use in connection with Iridium's constellation of low-earth orbiting satellites, ground network and Iridium communication equipment ("Iridium Communications System") as follows:

| | |
|------------------------|--|
| Equipment Description: | EMA Bluetraker VMS |
| Test Description: | Testing based on Iridium Compliance and Test Requirements for VAM Products |
| Other: | Certification letter copy |

This certification by Iridium is limited in scope to the specific capabilities defined in the ICE specifications provided by EMA and successfully tested as described in the Test Description. This certification certifies only that (a) the Iridium Communications System and (b) any Iridium product or service that is used in conjunction with the ICE, are not harmed, impaired, hindered, damaged or otherwise adversely affected by the ICE. Iridium does not certify or otherwise make any representation or warranty to the public or any third party or end user as to the quality, effectiveness, reliability, performance or safety of the ICE, and any representation or statement by EMA (or its agents or distributors) to the contrary shall result in immediate withdrawal of this certification.

In the event EMA enhances, upgrades, modifies, changes or revises the EMA Bluetraker VMS ("Enhanced ICE"), EMA must obtain a re-certification letter from Iridium in order to market and sell the Enhanced ICE. Failure to obtain re-certification shall result in immediate withdrawal of this certification.

In the event that a significant ICE defect or abnormal scenario (including a significant Iridium Communications System defect which can reasonably be attributed to the ICE) is identified subsequent to the issuance of this certification letter, Iridium reserves the right to immediately withdraw certification of the ICE at any time. EMA shall cooperate with Iridium as necessary to evaluate the defect and to re-issue such certification of the ICE.

Should you have any questions regarding this certification letter, please contact the under-signed at +1.703.287.7484

Sincerely,

Le-Marie V.J. Thompson
Senior Product Manager, Product Management
